## Large Current Leakage Clamp Meter VC690

VICTOR 690 Strong Anti-Interference Ability Large Current Clamp Meter  
With Small Volume Light Weight Non-Contact Measurement Flexible  
clamp ammeter

	VICTOR 690
Power Source	Zinc-manganese dry battery 6F22 9V
Test Mode	Flexible CT: the output signal is the differential of the current to the time. By integrating the output voltage signal, the input current can be truly restored
Coil Diameter	200mm diameter
Range	AC 0.00A~9999A
Resolution	AC 10mA
Accuracy	+2%+3dgt (The wire is in the center of the flexible coil, 23°C+2°C)
Coil thickness	7.5mm (Very suitable for narrow environments and places with dense wiring)
Measured Current Frequency	50Hz/60Hz (automatic identification)
Data Storage	99units, all used when display FULL
Peak Value Hold	Push HOLD without release, the meter will show the peak value during the pushing period
Data Hold	DH indicating the reading is hold
Line Voltage	circuit test below AC1600V
